

The 5th COLLOQUIUM OF FINNISH GEOSCIENCES is organized
March 6–7th 2019 at the University of Helsinki with the special theme of
Geosciences in Finnish Society

The Colloquium provide opportunity to experts from all levels and fields of geosciences, including academia, private- and public sector, to present the results of current research and innovation projects, as well as to connect with other professionals from different disciplines. Along the oral and poster presentation, following special sessions are organized:

- Keynote: Prof. Masaki Hayashi, NGWA Henry Darcy Distinguished Lecture (University of Calgary, Canada)
“Alpine Hydrogeology: The Critical Role of Groundwater in Sourcing the Headwaters of the World”
- *Special session: Geoscience in the Finnish society (Thursday afternoon), including public discussion of the theme.*

Call for abstracts

We invite you to submit abstracts for oral and poster presentations to be delivered at the 5th Colloquium of Finnish Geosciences.

Abstract submission: 6-20.2.2019

The abstract text should be written in English and not exceed the template page (ca. 500 words) include figures, table and references (detailed information about formatting within the abstract templet).

Registration: 1-28.2.2019

More information on registration, abstract formatting and submission, as well as practical information will follow later and may be enquired from Seija Kultti seija.kultti@helsinki.fi.
