

Whole-rock geochemical variations in drill core intersections of the northern peridotites (see Fig. 2A for locations)

# Whole-rock geochemical variations in northern peridotites plotted along cross-section in Fig. 3

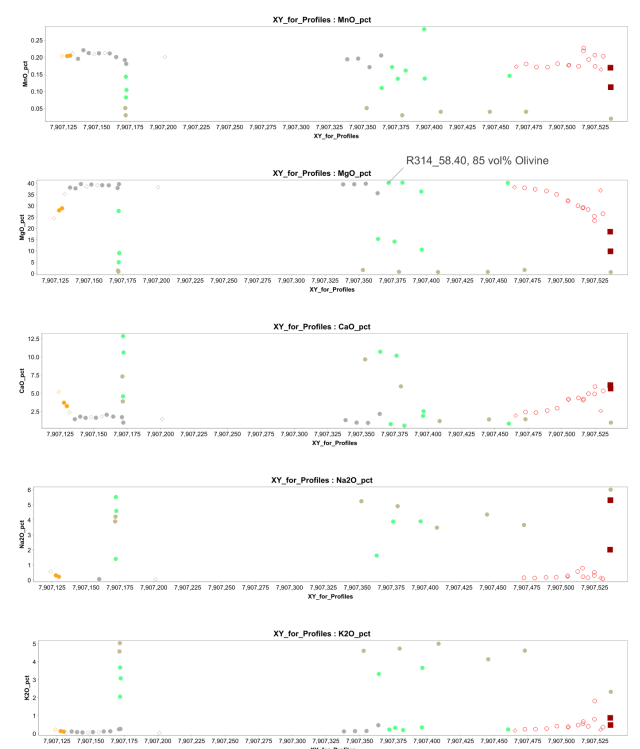

## Main elements

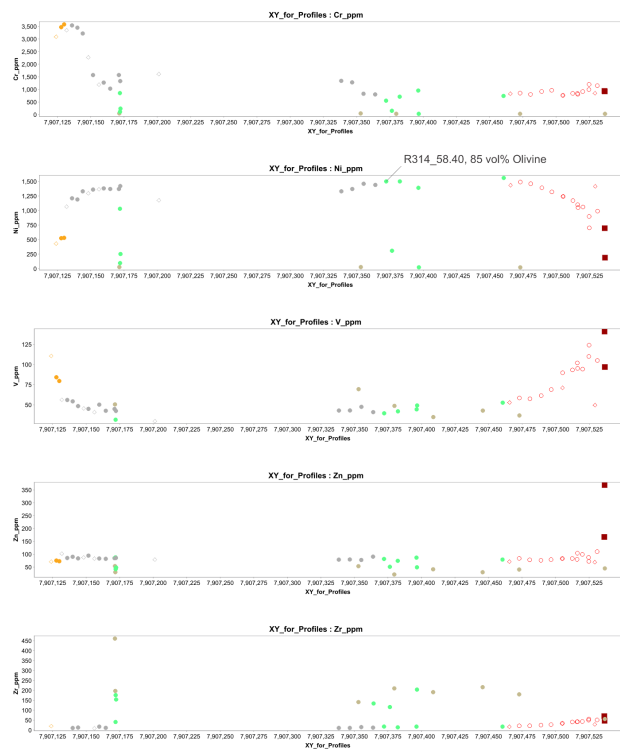

Unit OC  
Unit HAC  
R314 pyroxenite  
Mineral analysis available  
Chilled margin  
Contaminated peridotite  
Basement/xenolith

S

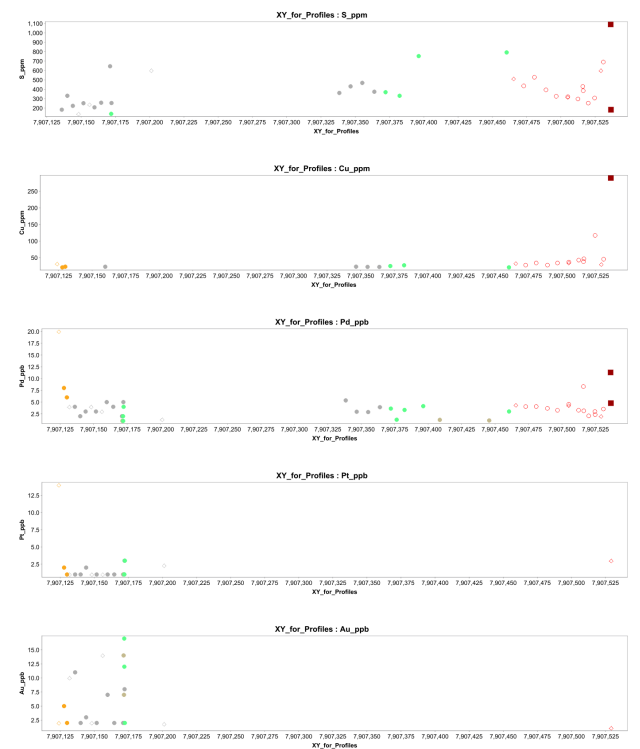

N

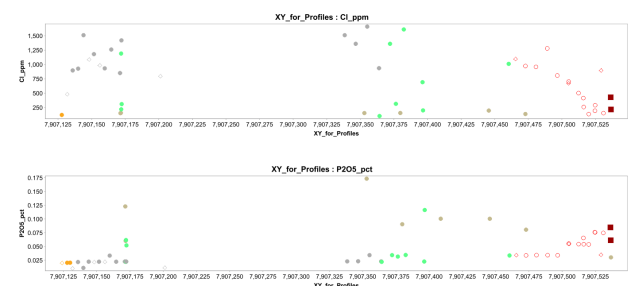

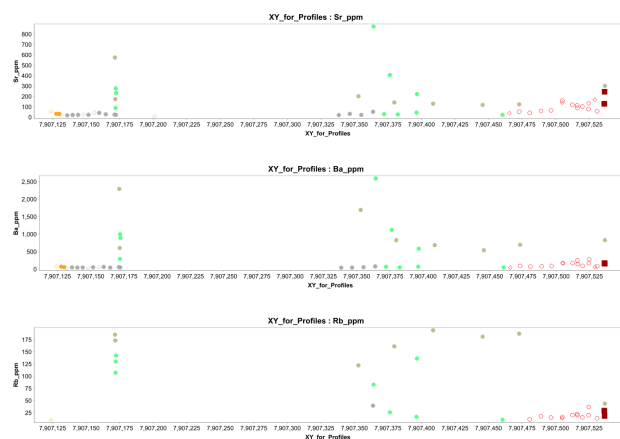

## Indicators

## Chalcophiles

## Alkalis & Volatiles

Whole-rock geochemical variations in northern peridotites plotted against MgO (cf. Fig. 5)
